... And Much More

Statics prove prescription drugs are 16,400% deadlier than terrorist.

In *Death by Medicine*, a masterful yet, little known 2003 study by Dr. Gary Null, et.al., 783,936 Americans died from conventional medicine errors (compared with the 2,996 deaths of 9/11). That is with equivalent to 6 jumbo jet crashes a day for an entire year, way too many deaths from drugs that are supposedly safe.

Learn from Janice how **Bioenergetic Basics** offer an alternative

Conventional hospital treatment is costly and a leading cause of death in the USA.

What doctors themselves say in a 1995 Journal of American Medical Association report: Over 1 million patients are injured in US hospitals and 280,000 die annually from those injuries.

This little known medical care death rate dwarfs the annual automobile accident mortality rate of 45,000. Such deaths are a disgrace to our country!

Combine that with the average cost of a 5-day hospital stay at \$22,596! That is a lot to pay to put oneself at such risk.

Janice can offer an effective yet inexpensive alternative.

Drugs, including antibiotics, are prodigious offenders in numbers of adverse reactions.

Most Americans think the FDA is protecting them from deadly drug reactions. Yet, unbelievably, as The New England Journal of Medicine reports, ¼ of patients suffered observable side effects from the more than 3.34 billion drug prescriptions filled in 2002. Also, an estimated 106,000 deaths occur annually due to Adverse Drug Reactions (ADRs).

Janice can tell your listeners of other options

The book **BIOENERGETIC BASICS: The Art of Dynamic Wellness with Goiz Biomagnetic Pairs**

Should be in every home, hospital and library. It has valuable information about Isaac Goiz's Biomagnetic Pair and the help it can offer humanity—how over 250 diseases may be eliminated easily by the body with a pair of magnets. The book details his discovery of how diseases begin and how the body can easily stop them.

Janice Bailey, a non-physician, used Dr. Goiz's biomagnetic pair method detailed in her book **Bioenergetic Basics** for the leukemia of her 93 year old father. She saw the super high white blood cell count (98,000), reduce dramatically (to less than 35,000). She was amazed and ecstatic, wanting to share the information with her fellow English speakers.

This method is elegantly simple, using just 2 magnets. Janice's information will delight any of your listeners who want dynamic health.
